EMPLOYEE FEDERAL INCOME TAX DEDUCTION (HELP TEXT)

FIT is a mandated deduction for all employees with earned income. In order to operate properly, it requires the use of external tax tables to properly calculate the employee's FIT amount.

The user is responsible for ensuring this deduction, as well as any external tables or other information required for its proper operation, is operating correctly and is updated as changes occur.

AMT5: Used for Step 4b annual dollar amount on W-4 form - Deductions

Additional FIT W/H \$: Use the field in the employee record to account for any additional withholding amounts. This is a PER PAY PERIOD amount; a dollar amount to be deducted from each paycheck. (Line 6 on W-4 form prior to 2019 and Line 4c on W-4 form 2020)

EWA = Employees annual wage amount
